About Us

Our aim is to provide our customers with direct access to a British manufacturer and a range of products which are tried and tested, of high quality, good value and reliable. Our products, both manufactured and out-sourced, will always be about quality. We will be uncompromising in our principles to give a second to none service in terms of packaging, delivery, trade knowledge and after-sales support. We will strive to continually develop and improve our people, our products and our service and establish lasting relationships with our customers.

Unlike some of our competitors, we will never contact your customers – we sell only to distributors.

Where we can, we source our raw materials and packaging from UK and EU suppliers. Where we have a viable option, we will source from local businesses as our primary choice.

We will never scrimp on the quality of our products, packaging or logistics provision. Our service to our customers is the main driver for all our business decisions.

Issue 23

*Carriage paid order within the UK Mainland is only £100.
